Past Performance

Amazon Studios / Chump Production

Date(s): 2016 | Value: \$850k+

Details: Volt ran production on the premier episode of The Grand Tour, a motoring TV series, made exclusively for Amazon online streaming service Amazon Prime Video. Filmed at a remote lakebed location in the San Bernadino desert, the production challenges included staging a 'Burning Man' type festival. Co-ordinating 100 vehicles, 4000 audience and a fly-over by the Breitling Jet Team.

Betty TV / CCTV

Date(s): 2016 | Value: \$640k+

Details: Volt produced 'Absolute Wild with Bear Grylls', a survival skills, reality TV series, featuring celebrity and sports stars for the Chinese network CCTV. Filming in California and Nevada at remote locations and national parks. The project required highly organized, logistical producing skills from coordinating military aircraft to filming in high risk locations.

JASH Group Nine / YouTube TV

Date(s): 2019 | Value: \$570k+

Details: Volt produced 'Light Speed', a documentary series featuring a solar power car race through the Outback of Australia. Following the world's most advanced solar vehicles, across 2,000 miles. The project required highly organized, logistics, producing and managing multiple crew units, as well as safety aspects throughout the 10 day race.
